

the report, he by law can study it further to determine what may have been done or advised. If the person in question has houses or land in the general area of the proposed ego, or if he is on its board of directors; and if he has been a director of the *League of Local Merchants*, he can be asked to state a list of his past performances in connection with the League and others to see what methods he uses. The Law Enforcement Agency by law can have him interrogate in respect to their own or any other violence against institutions. The developer can obtain information about his uses for the property.
